

Press release

Borensberg, 7 December 2021

Christian Krichau has been appointed new President and CEO of Arla Plast

Arla Plasts AB's ("Arla Plast") Board of Directors has today appointed Christian Krichau as the new President and CEO of Arla Plast. Christian has been interim President and CEO since 1 November, prior to that Christian was Head of production within Arla Plast.

"We are very pleased that Christian has agreed to take on the position as Arla Plast's permanent President and CEO. Christian is familiar with the company since his time as Head of production, he is also an appreciated manager and co-worker. We are convinced that Christian's knowledge about the company, personal commitment and his great leadership qualities will benefit Arla Plast in the very best way", says Kenneth Synnersten, Chairman of the Board.

Christian Krichau is 45 years old and lives in Linköping. Before joining Arla Plast in 2015, Christian held leading positions within purchasing in Gunnebo Industries as well as in Biltema.

"Arla Plast is a fantastic company, characterized by strong company values and professionalism and we are well positioned to continue our profitable growth journey. It's with great enthusiasm that I take on this role as Arla Plasts new President and CEO," says Christian Krichau.

About Arla Plast

Arla Plast is a producer and supplier of extruded sheets made of technical plastics. The plastic sheets are made of polycarbonate ("PC"), acrylonitrile butadiene styrene ("ABS") and polyethylene terephthalate glycol ("PETG"), with a large number of areas of application, including safety products, machine glazing, ice hockey rinks, greenhouses, pool covers, sound walls, protective barriers, suitcases, automotive components and various other construction-related areas of application. The company was founded in 1969 and is headquartered in Borensberg, Sweden. Arla Plast is listed on Nasdaq Stockholm in the Small Cap segment. Read more about Arla Plast at www.arlaplastgroup.com.
