#### About Arla Plast

Arla Plast is a producer and supplier of extruded sheets made of technical plastics. The plastic sheets are made of polycarbonate ("PC"), acrylonitrile butadiene styrene ("ABS") and polyethylene terephthalate glycol ("PETG"), with a large number of areas of application, including safety products, machine glazing, ice hockey rinks, greenhouses, pool covers, sound walls, protective barriers, suitcases, automotive components and various other construction-related areas of application. The company was founded in 1969 and is headquartered in Borensberg, Sweden. Arla Plast is listed on Nasdaq Stockholm in the Small Cap segment.
