About Arla Plast

Arla Plast is a producer and supplier of extruded sheets made of technical plastics. The plastic sheets are made of polycarbonate ("PC"), acrylonitrile butadiene styrene ("ABS") and polyethylene terephthalate glycol ("PETG"), with a large number of areas of application, including safety products, machine glazing, ice hockey rinks, greenhouses, pool covers, sound walls, protective barriers, suitcases, automotive components and various other construction-related areas of application. The Company was founded in 1969 and is headquartered in Borensberg, Sweden. Production takes place at three production facilities located in Borensberg and in Kadaň and Pelhřimov in the Czech Republic. As of March 31, 2021, Arla Plast had 266 full-time employees.

Stabilization measures

In connection with the Offering and the listing on Nasdaq Stockholm, Carnegie Investment Bank AB (publ) ("Carnegie") may, to the extent permitted by Swedish law, enter into transactions to stabilize, maintain or otherwise affect the price of the Company's shares for up to 30 days after the first day of trading in the Company's shares on Nasdaq Stockholm. Carnegie may effectuate transactions aimed at supporting the market price of the shares at levels above those which might otherwise prevail in the open market. Carnegie has no obligation to undertake any stabilization measures and there is no assurance that stabilization measures will be undertaken. Under no circumstances will transactions be conducted at a price higher than the one set in the Offering.

Stabilization transactions can be carried out on all types of stock markets, OTC markets or by other means. Carnegie may use the Over-Allotment Option to over-allot shares in order to facilitate stabilization transactions. If the stabilization transactions are conducted, they may be discontinued at any time without prior notice, but must be discontinued no later than within the aforementioned 30-day period. Carnegie must, no later than by the end of the seventh trading day after stabilization transactions have been undertaken, in accordance with article 5(4) of the Market Abuse Regulation (EU) 596/2014, disclose that stabilization measures have been undertaken.

Within one week of the end of the stabilization period, Carnegie will disclose whether or not stabilization was undertaken, the date on which stabilization started, the date on which stabilization was last carried out, as well as the price range within which stabilization was carried out for each of the dates when stabilization measures were conducted.
